The DigiCert® Difference

Unparalleled Customer Support

Award-winning Customer Service

We have no phone queues! Phone calls are answered immediately by our in-house Tier 3 technical support. There's a reason our customer testimonials are so glowing – we are available when you need us. You can reach us by phone, email, or by clicking the chat button. Our service reps even have direct phone numbers for one-on-one access.

\$1,000,000 Warranty

DigiCert includes a \$1,000,000 warranty on every SSL certificate we issue. Most of our competitors offer only a fraction of that.

Fast Verification and Delivery

While other Certificate Authorities might take days to issue an EV certificate, DigiCert can usually complete its equally secure and rigorous issuing process in a matter of hours.

Unlimited Free Reissues for the Life of Your Certificate

Whenever you need a certificate reissued, simply log into your DigiCert Management Console to start the process.

5-Star Reviews

DigiCert is the only Certificate Authority to have earned a "5-star" rating on SSLshopper.com. The results speak for themselves.

Satisfaction Guaranteed

If for any reason you aren't satisfied with your certificate within 30 days, we will refund the full amount. The 30-day money back guarantee is good for all our SSL certificates.
